

Processes and System Coordination Workgroup Agenda

March 20, 2026

12 pm - 1 pm

1. Welcome and Framing – This meeting continues the workgroup’s examination of how reportable offense policies function in practice across Maryland, with a focus on what happens after a student is removed from their school setting. Building on the data recently provided by MSDE, today’s discussion is intended to deepen our understanding of how student placements are determined, how outcomes are tracked, and where gaps in data or practice may limit our ability to fully assess impact. As we hear from MSDE and public defense representatives, the goal is to better understand the lived implications of these policies across jurisdictions and to identify where greater clarity, consistency, or coordination may be needed to support educational continuity for young people.
2. Reportable Offenses Panel – Jurisdictional Practice, Youth Experience, and Identified Gaps
 - a. Geoff Sanderson, Chief of Accountability, MSDE
 - b. Mary Gable, Assistant State Superintendent, Division of Student Support and Federal Programs, MSDE
 - c. Abbie Flanagan, Education Attorney & Assistant Public Defender, OPD
 - d. Alyssa Fieo, Education Attorney & Assistant Public Defender, OPD
3. Adjournment
