MCIN Initiative:

The Office anticipates making up to 14 awards ranging from \$100,000 to \$700,000 to support MCIN coalition activities focused on intelligence-driven investigations targeting violent criminal networks.

Overdose and Drug Awareness Coordinator Initiative:

The Office anticipates supporting up to 25 ODAC positions (one coordinator per Maryland jurisdiction and one statewide) under this initiative. Awards are expected to range from \$40,000 to \$110,000, which may include salary, fringe benefits, and other related program expenses.

Please note that incomplete applications as well as applications that exceed the maximum award allocation noted above may be disqualified from funding consideration during the initial technical review.

All funding is contingent upon the final approval of the Governor's Office of Crime Prevention and Policy's budget during [Maryland's 2026 Legislative Session](#) of the General Assembly.

Maryland Criminal Intelligence Network Initiative

The **Maryland Criminal Intelligence Network (MCIN) initiative** is envisioned as a coalition of criminal justice agencies that collaborate and coordinate tactics, resources, and intelligence through

comprehensive data sharing, cross-jurisdictional partnerships, effective policies, and supporting technologies.

MCIN focuses on identifying, disrupting, and dismantling gangs and violent criminal networks involved in the distribution of illegal drugs, the use of firearms in crimes of violence, human trafficking, or other inherently violent criminal enterprises through enforcement, prevention, intervention, and information sharing. Through these partnerships, MCIN improves coordination and intelligence sharing among local, state, and federal law enforcement agencies to support investigations of violent criminal networks.

MCIN is intended to function as a coordinated statewide intelligence and enforcement network. Applicants should demonstrate how their proposed activities will support cross-jurisdictional investigations and coordination with state and regional partners, including the Maryland Coordination and Analysis Center (MCAC), the Washington/Baltimore HIDTA, and other MCIN jurisdictions when criminal networks operate across geographic boundaries.

Overdose and Drug Awareness Coordinator Initiative

The **Overdose and Drug Awareness Coordinator (ODAC)** initiative supports the collection, analysis, and sharing of drug-related intelligence and overdose data to assist law enforcement, public health agencies, and community partners in responding to substance use and drug trafficking trends.

ODACs serve as jurisdictional points of contact responsible for documenting overdose incidents and drug-related investigative activity, supporting drug investigations, and facilitating cross-jurisdictional intelligence sharing through coordination with the Washington/Baltimore High Intensity Drug Trafficking Area (HIDTA) program and local law enforcement partners.

The ODAC initiative complements the Maryland Criminal Intelligence Network (MCIN) by strengthening drug intelligence collection, supporting investigations into drug trafficking organizations, and improving coordination between public safety and public health partners responding to overdose incidents.

III. Program Requirements:

GMS Application Requirements

The Office has made changes to the SFY 2027 application instructions. An applicant should review the [GMS Application Instructions](#) in concert with this program-specific NOFA before submitting their application in the GMS. The narrative description provided in the GMS must incorporate the following program-specific elements in addition to the requirements in the [GMS Application Instructions](#).

All applications must adhere to word limits for each narrative response. Much of the information is required to be submitted in a numerical, outline format, which should aid in a concise application to meet maximum word requirements.

Note: The GMS will allow each response to exceed the word limit. **It is the responsibility of the applicant to ensure each response is within the limit. All words beyond the limit will not be read, considered, or reviewed.**

Applications that do not adhere to these requirements, as well as incomplete narratives, may be disqualified and removed from consideration during the initial technical review. The Office encourages applicants to draft their narrative in a word processing program (e.g., Microsoft Word, Google Docs, etc.) then transfer to the GMS to aid in ensuring technical requirements.

Application Tip: A double-spaced page of 12-point Times New Roman font typically contains 250 words.

Also, see section [VII: Application Evaluation](#) below.

MCIN Program Requirements

The Maryland Criminal Intelligence Network (MCIN) supports intelligence-driven investigations and coordinated enforcement efforts targeting gangs and violent criminal networks operating within and across jurisdictions. MCIN sites work collaboratively with local, state, and federal law enforcement partners to identify criminal organizations and share intelligence to disrupt those networks.

Each MCIN site is expected to operate as a multi-agency coalition that coordinates investigative strategies, intelligence sharing, and prosecutorial support to address violent crime and other inherently violent criminal enterprises.

Applicants must demonstrate their ability to participate in and support the MCIN coalition by maintaining strong partnerships, sharing relevant intelligence, and coordinating investigative activities with participating agencies.

1. MCIN Operational Requirements

The purpose is:

- To provide a full set of data and information for both policymakers and operators to accomplish their unique goals and responsibilities.
- To increase the efficiency by which data can be collected and analyzed to help identify, investigate and prosecute violent criminal organizations and develop policy.

REQUIREMENT- Each MCIN site must have or acquire the information technology (IT) capability to support the program's objectives and use appropriate information sharing across jurisdictions. The following factors should be considered:

- Integrate data from internal and external databases.

- Be user-friendly with a human-centric design that automates processes, improves workflows, and increases productivity.
- Include specifications for software licensing or purchase, requirements analysis, design, development, and implementation with user training and one-year operations and maintenance costs.
- Employ end-user methods to connect to new data sources.

MCIN Key Personnel

The Office is recommending that all MCIN sites have all of the following positions, or their equivalent, collaborating in their SFY 2027 MCIN Coalition initiative:

****As per SFY 2027 application requirements, the MCIN Lead must identify the MCIN Coordinator, Analyst, Prosecutor, and Overdose Drug Awareness Coordinator. Any personnel changes during the fiscal year necessitate notification to the Assistant Director of Public Safety Strategies, [Richard Alban](#), within 10 business days. This notification helps streamline coordination efforts and fosters cohesive teamwork among MCIN stakeholders.***

MCIN Coordinator

The MCIN Coordinator serves as the primary point of contact for the MCIN site and is responsible for coordinating investigative activities among coalition partners.

The MCIN Coordinator is responsible for documenting MCIN-related investigative activity—including drug, gang, firearms, and human trafficking investigations, seizures, arrests, and other relevant enforcement actions—in the Washington/Baltimore High Intensity Drug Trafficking Area (HIDTA) Case Explorer system. The coordinator will also assist law enforcement partners with cellular phone extraction uploads into the Communications Analysis Portal (CAP).

The MCIN Coordinator supports cross-jurisdictional investigative coordination by serving as a liaison with other MCIN sites and assisting coalition partners with investigative operations when appropriate. The coordinator will also monitor MCIN-related investigations and court cases and collect data necessary for required program reporting.

The MCIN Coordinator should be embedded within the lead applicant agency, such as a law enforcement agency or State's Attorney's Office, to facilitate coordination among investigators, analysts, prosecutors, and other coalition partners.

Ideally, the MCIN Coordinator will have prior experience in law enforcement or criminal investigations involving organized criminal networks and possess analytical skills necessary to review investigative and intelligence information.

MCIN Intelligence/Crime Analyst

MCIN Intelligence/Crime Analysts support the intelligence cycle by collecting, analyzing, and disseminating information to coalition partners to assist in identifying and disrupting criminal networks.

Analysts should be skilled in the use of analytical systems and tools to support investigations and identify intelligence needs across participating agencies. Typical responsibilities include:

- Collecting, organizing, and analyzing investigative data

- Identifying criminal networks, associations, and investigative leads
- Conducting link and communication analysis using available analytical tools
- Identifying emerging crime trends and intelligence gaps
- Producing tactical, operational, and strategic intelligence products to support investigations

MCIN Intelligence/Crime Analysts will regularly collaborate with the MCIN Coordinator, MCIN-designated Prosecutor, and coalition partners to support investigative coordination and intelligence sharing.

MCIN-Designated Prosecutor

The MCIN-designated prosecutor should have experience prosecuting cases involving violent criminal organizations, gangs, drug trafficking organizations, firearms offenses, and human trafficking.

The prosecutor will work closely with MCIN Coordinators, Analysts, and coalition partners to implement intelligence-based prosecution strategies. Responsibilities include supporting investigations through legal guidance, search warrants, charging decisions, investigative subpoenas, proffer sessions, and indictments when appropriate.

The MCIN Prosecutor will also track and prosecute MCIN target cases, including bail hearings, motions, trial preparation, and sentencing.

The prosecutor may collaborate with other MCIN prosecutors, State's Attorney's Offices, the Office of the Attorney General, and the U.S. Attorney's Office, and may pursue cross-designation or federal prosecution referrals when appropriate.

Overdose and Drug Awareness Coordinator (ODAC)

The Overdose and Drug Awareness Coordinator (ODAC) supports the collection, analysis, and dissemination of drug-related intelligence and overdose data.

The ODAC is responsible for documenting drug investigations, seizures, arrests, suspected overdoses, and other drug-related investigative activity in the Washington/Baltimore High Intensity Drug Trafficking Area (HIDTA) Case Explorer system and assisting with cellular phone extraction uploads into the Communications Analysis Portal (CAP).

The ODAC also provides analytical support for law enforcement investigations by reviewing and analyzing information available through HIDTA systems and disseminating intelligence related to emerging drug trends, overdose incidents, and potential investigative leads.

The ODAC should be embedded within a law enforcement agency, drug task force, intelligence center, or MCIN site to facilitate coordination with investigators and coalition partners.

The ODAC will work closely with local drug task forces, which may include municipal law enforcement agencies and the Maryland State Police, to ensure timely documentation and sharing of drug-related intelligence and overdose incidents. This coordination ensures that drug-related data is captured and shared with HIDTA, which serves as a central repository for statewide drug intelligence.

The ODAC will also coordinate with public health partners, including local health departments and behavioral health agencies, to support overdose response efforts and information sharing related to substance use trends. Participation may include engagement with local Overdose Review Teams and collaboration with public safety and public health partners when appropriate.

Ideally, the Overdose and Drug Awareness Coordinator will have prior experience in law enforcement or criminal investigations and possess the analytical skills necessary to review and interpret drug intelligence information.

Overdose and Drug Awareness Coordinator Participation and User Agreements

Before the Governor's Office of Crime Prevention and Policy awards funds for any Overdose and Drug Awareness Coordinator position, the applicant agency must sign the Case Explorer and Communications Analysis Portal Participation Agreements, as well as the Case Explorer Addendum: Limited Grant of Permission to Share Data: Substances in Maryland. Applicants should upload signed copies of both documents into the Documents Section of the Grants Management System to verify compliance.

To get access to the agreements, please email the Washington/Baltimore HIDTA Point of Contacts:

- John Cook: jcook@wb.hidta.org
- Natasha Butler: nbutler@wb.hidta.org

MCIN-ODAC subrecipients, including the MCIN Coordinator, Intelligence/Crime Analyst, MCIN-designated Prosecutor, and Overdose and Drug Awareness Coordinator (or their designated representatives), **must participate in MCIN-ODAC meetings, trainings, and site visits as required by the Office**. Grant funds may be used to support travel or related participation costs.

Additionally, include a plan that details the timeline for spending each budget line item within the grant award period and provide a justification for each line item describing how it relates to the project and how the costs were calculated.

K. NEW - [Organizational Capacity Questionnaire \(OCQ\)](#)

Link: https://gocpp.qualtrics.com/jfe/form/SV_2mY8YNPFAAzOqmq

Applicants are required to complete an annual Organizational Capacity Questionnaire (OCQ) as part of GOCPP's grant oversight process. For SFY 2027, submission of the OCQ through Qualtrics is required for an application to be considered complete in GMS, and it must be certified by the organization's Chief Executive or Chief Financial Officer. Information from the OCQ is used to assess organizational risk and determine the appropriate level of monitoring throughout the grant lifecycle.

For technical assistance with the questionnaire, please contact dlmsac.gocpyvs@maryland.gov or [points of contact listed](#) in the NOFA.

Outcome-based Performance Measures

The Office strongly encourages the use of data and evidence in policy making and program development for criminal justice, juvenile justice, and crime victim services. Applicants are encouraged to reference best practices and evidence-based approaches when applicable. Additional information and resources are available through the [OJP Resource Guide](#).

In the narrative section of the GMS, the applicant must clearly describe how the project's success will be measured, including the outcomes and outputs the project intends to achieve during the grant period. Successful grantees will be required to report quarterly on the progress toward these self-identified outcomes and outputs for the duration of the grant. Post-award Progress Reports must align with and reflect the performance measures proposed in the approved application. Substantive changes to performance measures post-award require prior written approval.

Grantees must develop a comprehensive strategic plan for reducing crime, predicated on seamless coordination and consistent information sharing among all levels of government. This plan must articulate how the applicant plans to meet the requirements above. The Office requires projects and initiatives to focus on delivering services that show their effectiveness via program outputs and outcomes, therefore directly supporting the Office's Criminal Justice Unit's goal of disrupting and dismantling criminal organizations involved in guns, gangs, drugs and human trafficking.

In 2015 the Washington/Baltimore HIDTA (W/B HIDTA) was designated as the central repository for all Maryland drug intelligence. This requires all state agencies to report their drug intelligence to HIDTA and encourages local allied law enforcement agencies to comply as well.

As the central repository for all Maryland drug intelligence, the W/B HIDTA serves as the analytical hub for this data. HIDTA collectively analyzes information and disseminates reports to law enforcement for appropriate investigation and follow-up. Through these collaborative efforts and partnerships, this data sharing and data dissemination process ultimately allows law enforcement to identify distributors linked to multiple overdose cases and track substance overdose trends. HIDTA also compares the resulting list of substance overdoses to those persons under the supervision of the Division of Parole and Probation. The findings, including whether the overdose was a repeat occurrence, will be shared with the Department of Public Safety and Correctional Services (DPSCS) for appropriate follow-up.

Both the Overdose and Drug Awareness Coordinator and the MCIN sites will receive training to include, but not limited to, the following:

- HIDTA's Case Explorer Gen III
- HIDTA's Communications Analysis Portal (CAP)

To measure the success of the MCIN/ODAC initiatives, the Office will track the monthly progress of each site post-award.

Key Terms and Definitions

- **Disrupted** - An organization is disrupted when the normal and effective operation of the organization is impeded, as indicated by changes in organizational leadership and/or changes in methods of financing, transportation, distribution, communications, or drug production. A drug seizure, the execution of a search warrant, or other enforcement activity, by itself, does not constitute a disruption unless the action truly results in the alteration of the organization's operations or membership.
- **Dismantled** - An organization is dismantled when the leadership, financial base, and supply network of the organization are destroyed and it is incapable of operating and/or reconstituting itself; for reporting purposes, a dismantlement does not require that all fugitives have been apprehended, that all cases have been adjudicated, or that all appeals by those charged have been exhausted.
- **Drug Trafficking Organization (DTO)** - A DTO is an organization consisting of three or more persons that (1) has a clearly defined chain of command and (2) whose principal activity is to generate income or acquire assets through a continuing series of illegal drug production, manufacturing, importation, transportation, or distribution activities.
- **Firearms Trafficking** - Firearms trafficking is the illegal diversion of any quantity of firearms from the legal market or any illegal commerce in firearms.
- **Gang** - A gang is a group or association of three or more persons with a common identifying sign, symbol, or name, the members of which, individually or collectively, engage in criminal activity that creates an atmosphere of fear and intimidation.
- **Human Trafficking** - Human trafficking refers to the act of recruiting, harboring, transporting, providing, or obtaining a person for compelled labor or commercial sex acts through the use of force, fraud, or coercion.
- **International Criminal Organization** - An international criminal organization is an organization or identifiable cell of an organization that regularly conducts illegal trafficking or gang activities in more than one country or that is based in one country and conducts or coordinates illegal activities in another. To be considered an international organization, the group must have an established connection to an international criminal organization. Simply being a customer of such an organization is not sufficient.
- **Local Criminal Organization** - A local criminal organization is one whose illegal trafficking or gang activities are generally, but not always, limited to the same metropolitan area, or - for non-metropolitan areas - are limited to an easily defined region or the small number of geographically proximate counties. If a criminal organization's activities regularly take place within a single metropolitan area, it should be considered a local criminal organization even if that metropolitan area includes parts of more than one state.
- **Multi-state Criminal Organization** - A multi-state criminal organization is one that regularly carries out illegal trafficking or gang activity in more than one state. An organization should not be considered multi-state if the organization's activities regularly take place within a single metropolitan area or region, even if that metropolitan area includes parts of more than one state.
- **Violent** - An organization is considered violent if it routinely engages in kidnapping, extortion, murder, aggravated assault, robbery, or other crimes involving force or threat of force.

- Jurisdictions that include detailed budget line items for IT infrastructure, investigative equipment, law enforcement, and state's attorney operational costs.

VIII. Funding Specifications

A. Funding Cycle

Commencement of awards funded under the MCIN-ODAC Grant for SFY 2027 will begin July 1, 2026, and end on June 30, 2027. **These funds cannot be extended beyond June 30, 2027.**

B. Allowable Costs

General guidance on cost allocation and prorate - Applicants must determine the appropriate methodology for allocating shared costs that are budgeted and charged to multiple grants. Reimbursable funds charged to multiple costs in the accounting and financial management system must be distributed in proportion using the principles of reasonable, allowable, and allocable expenditures per budget category and line item, as applicable.

Sample Budget Spreadsheet Tool: For assistance in developing application budgets to include all required elements, the Office has developed this [GOCPP's Budget Assistance Spreadsheet](#) tool. Applicants are encouraged to complete this spreadsheet as a tool, then transfer all information in the online Grants Management System (GMS). Note: use of this tool is not required and **should not be uploaded** into the GMS. The Budget entered into the GMS Budget Tab is the only budget that will be reviewed and considered for each application.

BUDGET CATEGORY:

The following is a list of services and activity costs for each Budget Category that are eligible for support with MCIN-ODAC funds in an application. **Please include the prorated justification, as applicable, for each budget category and line item justification in the online GMS application.**

MCIN Overtime Limitations:

Up to \$50,000 per quarter totaling \$200,000

Up to \$20,000 per quarter totaling \$80,000

Please note these are estimates and the Office can reduce the amount based on previous years' participation or provide further consideration to applicants who can show that more overtime is needed by using supporting documents and data provided throughout the application.

An applicant is strongly encouraged to refer to the [GMS Application Instructions](#) in tandem with this program-specific NOFA before submitting their application to our Office in the GMS. A checklist of required items can be found at the end of this document. Hard copy applications are not accepted.

Please visit the following page for additional guidance on suggested prorating strategies for subgrantees from our Federal partners:

- [Cost Allocation Information](#)

Refer to the [Distribution of Funds & Reporting Requirements](#) for post-award requirements. A successful applicant (post-award) must submit reimbursable financial reporting requests in the GMS. Costs must be incurred during the approved budget period and based on actual quarterly expenditures unless noted otherwise. - Operating Expenses
- Alcoholic beverages

The list above is not exhaustive. The Office reserves the right to make additional budget reductions/restrictions and adjustments at its discretion.

D. Consultant Rates

The requirements related to consultant rates apply to all Office awards whether funded by State or federal funds. The maximum allowable compensation rate for consultant services is \$81.25 per hour or \$650 per day. Rates above this threshold will be considered on a case-by-case basis and require prior approval. Additional information and the required procedures for requesting prior approval are found at <https://gocpp.maryland.gov/preauth-for-consultant-fees/>. Please note that charges at a rate above the established maximum rate that are incurred prior to the issuance of an Office written approval will be disallowed.

E. Cost Share (formerly known as match)

There is no cost-share required for this funding source. **Do NOT enter a cost-share amount to your budget.** If you wish to show other financial or in-kind contributions to your program, it may be written into your narrative.

IX. Distribution of Funds & Reporting Requirements

The Office will distribute awarded funds to grantees on a quarterly reimbursement of expenditures basis following the timely submission of corresponding quarterly fiscal and programmatic reports. These reports must be submitted through the GMS. All programmatic electronic reports are due in the month following the end of the quarter. **Additionally, MCIN sites are required to submit monthly operational statistics by the 15th day of each month for the previous reporting period using the [MCIN Reporting Survey](#) provided by the Office.**

All reporting activity occurs through the GMS, using the same User ID and password used for the application process.

<http://www.gocpp.maryland.gov/grants/general-conditions.php>.

A. Electronic Funds Transfer (EFT)

B. Supplanting, Transparency, and Accountability

Supplanting is the use of Office grant funds to replace State or local funds that were previously appropriated/budgeted for, or otherwise would have been spent on, the specific purpose(s) for which

this sub-award has been awarded. Any salaries, positions, personnel expenses, contractual expenses, equipment, travel, and other expenses paid for with Office grant funds must be used to supplement your organization's existing budget and may not replace any funds already included in your entity's existing or projected budget.

A strong emphasis is being placed on accountability and transparency. Grantees must be prepared to track, report on, and document specific outcomes, benefits, and expenditures attributable to grant funds. Misuse of grant funds may result in a range of penalties including suspension of current and future funds and civil/criminal penalties.

INTRODUCTION

The [Governor's Office of Crime Prevention and Policy \(Office\)](#) is the designated State Administering Agency (SAA) for Maryland. The Office allocates resources statewide and acts to distribute, monitor, and report on spending under many state and federal grant assistance programs. The Office plans, promotes, and funds efforts with government entities, private organizations, and the community to advance public policy, enhance public safety, reduce crime and juvenile delinquency, and serve victims. The Office places a significant emphasis on instituting strategic planning to align priorities at the State and local levels, to ensure it remains ahead of threats that impact the State, and to continue to be good stewards of the funds administered. Refer to [Maryland's Comprehensive State Crime Control and Prevention Plan](#)

Grant funding is one of several tools that the Office utilizes to achieve its objectives per [Executive Order 01.01.2024.05](#), Code of MD Regulations (COMAR), and the Code of Federal Regulations (CFR) [2 CFR Part 200 - Federal Uniform Guidance](#) (UG)¹. Starting at the beginning of each calendar year, the Office issues a [Notice of Funding Availability \(NOFA\)](#)² for applicable [program-specific grant programs](#) based on an annual budget appropriation. Please refer to the technical assistance dates listed in each program-specific NOFA. Eligible entities are encouraged to review annual updates to the programmatic and financial requirements described in the program-specific NOFA. Instructions to help applicants navigate the online application portal and submit a complete application request are available at [Grants Management System \(GMS\) Application Instructions](#). For more information, contact the Program Staff as specified in the program-specific NOFA or email support@goccp.freshdesk.com by the NOFA due date.

Note: All applications must be submitted online in the [Grant Management System \(GMS\)](#) following the guidelines outlined below. Paper or email applications are not accepted. Post-award, grant funds are issued on a quarterly, reimbursable basis with selected exceptions if noted within specific NOFAs.

I. APPLICATION PROCESS

All applications for grants administered by the Governor's Office of Crime Prevention and Policy must be submitted utilizing the web-based application process, which may be accessed at <https://gocpp.maryland.gov/> and clicking on **GRANT MANAGEMENT SYSTEM**, or by going directly to the login screen using the URL: <https://grants.goccp.maryland.gov>.

In order to use the Office's web-based application you must have a User ID.

⁴ For help with first-time registration, visit the Federal Service Desk, [fsd.gov](#)

SAM.gov Federal Registration Instruction: Every applicant entity must comply with all applicable SAM.gov unique entity identifier(UEI) requirements. SAM.gov is the repository for certain standard information about federal financial assistance applicants, recipients, and subrecipients. The UEI is a unique twelve-character identification code assigned to your organization by the SAM.gov upon registration.

Once registered, entities must complete annual renewals to maintain an active status. It is recommended that you begin the SAM.gov registration or renewal process **30 days prior** to any NOFA deadlines to allow for the time necessary to complete the full process, including SAM.gov's entity validation process. If you intend to apply for a specific opportunity, refer to the grant program-specific NOFA, and plan your SAM.gov registration accordingly. For additional support, visit [SAM.gov Help](#). **A screenshot of an active registration must be uploaded in the document section of the GMS. Active registration must be maintained throughout the grant life cycle.**

SAM.gov Public Search Record: When registering, please check the box that allows the record to be a "public display record." This will enable periodic GOCPP compliance reviews of subgrantee SAM.gov status.

Access to SAM.GOV: [SAM.gov](#). There is no cost for this service.

GOCPP has made changes to the **SFY 27** application instructions. The requirements of the GMS narrative are explained below. All applications must adhere to word limits for each narrative response, **to include headers per section and subsection**. Much of the information is required to be submitted in a numerical, outline format, which should aid in a concise application to meet maximum word requirements.

Note: The applicant is responsible for ensuring each response adheres to the word limit and includes headers summarizing the content or data provided. Although the GMS allows responses to exceed the limit, the word and character counts are displayed in the bottom right-hand corner of the section. **Please note that any words exceeding the limit will not be read, reviewed, or considered.**

Applications that do not adhere to these requirements, as well as providing incomplete narratives and attachments, may be disqualified during the initial technical review. GOCPP encourages applicants to draft their narrative in a word processing program with headers for each section (Word, Google Docs, etc.), then transfer to the Grants Management System (GMS) to aid in ensuring technical requirements.

2. Time and Effort reports (Timesheets) must be maintained for all personnel included in the grant project. Refer to <https://gocpp.maryland.gov/grants/tips-and-guidance/> for more information.
3. **Note:** All documentation submitted to the Office is subject to the Public Information Act. I. Applicant Disclosure of Pending Applications Statement (Word Limit: 150)

Although supplanting is prohibited, the leveraging of federal funding is encouraged. In instances where leveraging occurs, all federal grant funds must be tracked and reported separately and may not be used to fund the same line items. Additionally, federal funds may not be used as a cost sharing match for other federal awards.

Your organization must disclose **all** pending grant applications for the same project (identical cost items) requested under this solicitation.

In this section, applicants that have pending applications as described above must provide the following information about pending applications submitted within the last 12 months in the outline format below:

- a. the federal or state funding agency
- b. the solicitation name/project name
- c. the point of contact for information at the applicable funding agency

- d. the amount of the funding request as applicable

If your organization **does not have pending applications** as described above, include a statement to this effect in this section (e.g. “[Applicant Name] does not have pending applications submitted within the last 12 months for federally funded assistance that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).

J. Budget Details and Spending Plan (Word Limit: 750)

- a. **Budget Plan:** Provide the following information in the outline format below:
 - i. Describe how this request supplements, and does not supplant, the existing budget. **Supplanting** occurs when a state or unit of local government reduces state or local funds for an activity, specifically because federal funds are available (or expected to be available) to fund that same activity. **Supplementing** occurs when federal funds are used to enhance existing state or local funds for program activities.
 - ii. Detail the methodology your organization uses to prorate the requested funds.
 - iii. Identify the proration rate(s) your organization uses for budget categories. Reimbursable funds charged to multiple costs must be distributed in proportion using the principles of reasonable, allowable, and allocable expenditures per budget category and line item, as applicable. Note: Your organization must have a written policy in place concerning prorating and/or the calculations used, and provide the policy upon request.
 - iv. Provide the justification and/or formula for the proration rate(s) used. **Note:** Failure to provide the proration rate and justification/formula will result in denial of the requested line item(s) or adjustment to the request at the discretion of the Office.
 - v. Funding requests for line items must be limited to staff or projects supported by this application.

Please visit the following page for additional guidance on suggested prorating strategies for subgrantees from one of our federal partners:

<https://ovc.ojp.gov/sites/g/files/xyckuh226/files/media/document/ovc-victim-assistance-prorating-strategies-for-subgrantees-winter-2020.pdf>

- b. **Spending Plan:** Detail the implementation **timeline of each budget line item** within the grant award period.

Note: The need for each budget line item as it relates to specific project objectives must be addressed within the Goals and Objectives section of the narrative. Budget line items not described within the Goals and Objectives category may not be funded. Also, **refer to the NOFA for any program-specific requirements that should be included in this narrative section.**

K. Unique Entity Identifier (UEI) and SAM.gov Expiration Date:

Enter your entity's 12-character alphanumeric Unique Entity Identifier (UEI) issued by [SAM.gov](https://sam.gov). List a valid expiration date. If you are experiencing an issue, please enter 12/31/2099 in this data field and include a sentence or two explaining this workaround under the UEI and [SAM.gov](https://sam.gov) expiration narrative section in the GMS portal.

L. Person Completing the Project Narrative:

Include person completing project narrative: Include the following: Name, Job Title, Organization Name, Telephone, Fax, and E-mail address. **Note:** Please provide Organizational Capacity

Questionnaire (OCQ) attestation in the GMS text box. Refer to Section 12, OCQ Qualtrics instructions below.

4. LETTERS OF SUPPORT/COMMITMENT

If listed as a requirement in the NOFA, submit letters of commitment by partners who will participate in the execution of the project or whose cooperation or support is necessary for its success. Applications that do not adhere to these requirements, and submit incomplete applications with missing required attachments in the checklist, may be disqualified during the initial technical review. Letters of support/commitment will only be accepted when they are uploaded with the electronic application submission. Letters should be addressed to the Executive Director of the GOCPP. **If required, support letters must be updated in the Document section of the GMS by the due date.**

Also, refer to the NOFA and NOFA Checklist for any program-specific requirements that should be included in this section.

5. BUDGET TAB INSTRUCTIONS

Complete a detailed budget for the proposed project. All 'Total Budget' fields will be rounded by the Grant Management System to the nearest whole dollar.

Applicant designated prioritization of line items is required for all applications having multiple line items. This prioritization will be considered should budgets need to be reduced. This requirement is addressed following the Budget Tab Instructions under 'Budget Priority Tab.'

Budgets must be clear and specific. Budgets must reflect one year of spending, unless stated otherwise in the program specific NOFA and where applicable, be adjusted to reflect the start date and holidays. Funding requests for line items must be limited to staff or projects proposed in this application. The Office **reserves the right to reduce budgets**. Grant funds are reimbursed on a quarterly basis unless otherwise noted in the NOFA.

Cost Share/Match: Each budget line item must include a justification entry proportional to the application request. Total project cost for each budget category tab in GMS may include cost-share funds as required by the program-specific NOFA. Applicants may satisfy cost-share requirements with either Cash or In-Kind services, including volunteer hours, as applicable per program-specific NOFA requirements. Please refer to the [Grant Cost Share Calculator and Provisions](#) as applicable.

The cash cost-share may take the form of funds contributed by local governments such as agency or county budgets. The use of unrestricted funding is recommended for non-profits. Entities must maintain records which clearly show the source and amount of all cost share contributions.

Applicants must refer to each program-specific NOFA to determine other cost-share restrictions. The cost-share fund requirement may be waived if the local government or nonprofit organization can demonstrate good cause as determined by the Office's Executive Director.

The justification sections must contain brief statements (one to two sentences per line item) that explain **each line item** and its relevance to the project goals and objectives. **Do not state "See Narrative, Goals, or Objectives"**. Refer to the Grant Management System training videos for further instructions <https://goccp.maryland.gov/grants/gms-help-videos/>.

Allowable Costs⁵

General guidance on cost allocation and prorate - Applicants must determine the appropriate methodology for allocating shared costs that are budgeted and charged to multiple grants. Reimbursable funds charged to multiple costs in the accounting and financial management system must be distributed in proportion using the principles of reasonable, allowable, and allocable expenditures per budget category and line item, as applicable.

For example, organizations:

- Must explain the process used to prorate the funds between the sources which includes funding sources and the general operating budget
- Identify the different rates in the spending plan.
- The organization must have a written policy in place concerning prorating and/or the calculations used.
- A copy of the prorating policy must be provided when requested.

Please visit the following page for additional guidance on suggested prorating strategies for subgrantees from one of our federal partners:

<https://ovc.ojp.gov/sites/g/files/xyckuh226/files/media/document/ovc-victim-assistance-prorating-strategies-for-subgrantees-winter-2020.pdf>

New Resource: Sample Budget Spreadsheet Tool: For assistance in developing application budgets to include all required elements, the Office has developed a [Budget Assistance Spreadsheet](#) as a resource. Applicants are encouraged to complete this spreadsheet as a tool, then transfer all information in the online Grants Management System (GMS).

Note: *The use of this tool is not required and **should not be uploaded** in the GMS. The Budget entered into the GMS Budget Tab is the only budget that will be reviewed and considered for each application.*

Unallowable Costs

The following services, activities, and costs cannot be supported by the Office:

- Alcoholic beverages
- Bonuses or Commissions
- Construction/Capital Expenses/Land Acquisition
- Corporate Formation (costs associated with incorporation fees, brokers' fees, fees to promoters, organizers or management consultants, attorneys, accountants, or investment counselor in connection with establishment or reorganization of an organization)
- Fundraising
- Honorarium
- Lobbying costs (including membership fees to organizations whose primary activity is lobbying)
- Meals (exception to consider food consumed by clients must be pre-approved.)
- Previous Debt Obligations
- Trinkets (items such as hats, mugs, portfolios, t-shirts, coins, and gift bags)

Please note that all costs must be reasonable, allocable, and allowable. Additionally, the Office's funding is reimbursable quarterly unless otherwise stated. To this end, applicants must consider if the entity has the financial capacity to await reimbursement following each reporting period.

⁵ Financial reviews are conducted per 2 C.F.R. § 200.413 Direct costs Principles: Reasonable, Allowability and Allocability of expenditures aligned with each program-specific NOFA purpose. Budget justifications will be reviewed to include adequate statements by the applicant related to proportional allocation of costs referenced 2 CFR § 200.405.

The list above is not exhaustive. The Governor's Office of Crime Prevention and Policy reserves the right to make additional budget reductions/restrictions and adjustments at its discretion.

PERSONNEL

The salaries and fringe benefits for staff required to implement the project are listed in the personnel category. Note: Each requested position/title must be consistent with the title in the 'Key Grant Personnel' portion of the narrative. Consultants must be listed in Contractual Services.

Note: Time and Effort reports (Timesheets) must be maintained for **all personnel** included in the grant project. Refer to the bottom of the page at <https://gocpp.maryland.gov/grants/tips-and-guidance/time-and-effort-reports/> for more information.

For budget categorizing, personnel expenses cover salaries and wages for staff employed directly by your agency, including associated costs like FICA and fringe benefits. In contrast, contractual services, which should be entered into the Contractual budget category, pertain to agreements with external organizations or individuals performing services, where FICA and fringe benefits are generally not applicable since these entities are not treated as employees.

For each personnel position, list salary and fringe benefits as separate line items.

- The 'Description of Position' field must contain the title of the position.
- Position line items (salary and fringe) are grouped via the 'Description of Position' field.
- After completing the first Position's line item, use the dropdown to add additional budget items to the position. Include Grant Funds request and/or Cash cost-share contribution.
- The 'Description of Position' field is used to select existing positions and to add new positions.
- For multiple staff in the same position, use a suffix (i.e., Position 1, Position 2, etc.)
- Multiple positions with the same title and classification may be grouped (i.e., Overtime Patrols – 25 Officers). In addition to the requirements below, you must provide total dedicated hours for the grouped positions.
- Funding requests for line items must be limited to staff or projects supported by this application.
- For a salaried position request, you must provide a justification for the fringe benefit in a separate line as shown above. If the fringe is covered by an alternate funding source, a statement to that effect must be included in the justification line. For example, "Fringe will not be charged to this subaward as it is being covered by another funding source."

Notes:

- For each salary line item, you **must include the full annual salary amount, the percentage of time that will be spent on the project, and the hourly rate.** The hourly rate may be calculated by full salary divided by 2,080.
- Fringe benefits may not exceed 30% of reported salary costs unless prior approval is received. For each line item entered, you must include a justification that ties that item to the activities described in your narrative.

Example justifications based on the Personnel category:**Justification (line 1):**

The Community Outreach Coordinator helps prepare, schedule, and develop training targeted for hospitals and other medical facilities.

Annual salary is \$60,000. She will be devoting 33.33% of her time to this project. We are requesting $\$60,000 \times .3333 = \$19,998$, rounded to \$20,000, in grant funds to support her time on this project. Her hourly rate is \$28.85.

Justification (line 2):

Fringe benefits @ 10% of salary. $\$20,000 \times .10 = \$2,000$

Justification (line 3):

The Community Outreach Trainer makes presentations at hospitals and other medical facilities. This position is supported with cash cost-share funds from a private donor.

Annual salary is \$40,000. She will be devoting 25% of her time to this project. We are contributing $\$40,000 \times .25 = \$10,000$ to support her time on this project. Her hourly rate is \$19.23.

Justification (line 4):

Fringe benefits @ 10% of salary. $\$10,000 \times .10 = \$1,000$

OPERATING EXPENSES

- Refer to SFY travel/per diem rates [State of Maryland Policies and Procedures for meal reimbursement](#) and [travel reimbursement rate](#) (72.5 cents/mile - 1/1/26)

- Review Federal GSA guidelines [Per diem rates | GSA](#) and [IRS Standard Mileage Rate](#). Please be sure to check for annual updates effective January 1.

Meals (B \$8, L \$10, D \$24)	Grant Funds	5.00	42.00	\$210.00	Just.		
Hotel	Grant Funds	5.00	\$101.40	\$507			

CONTRACTUAL SERVICES

Consultant contracts for training or evaluation should be included here and shall be consistent with federal guidelines. Payments to an outside agency for an employee or any other services are considered Contractual Services.

For the line item description, enter the agency (consulting firm, temporary agency, etc.), a dash, and then the nature of the service to be provided (e.g., Consultants ABC – training for Seminar). Each line item entered requires a justification that ties that item to the activities described in your narrative.

Consultant Rates: The following requirements related to consultant rates apply to all GOCPP's awards whether funded by State or federal funds. The maximum allowable compensation rate for consultant services is \$81.25 per hour or \$650 per day. Rates above this threshold will be considered on a case-by-case basis and require prior approval.

Additional information and the required procedures for requesting prior approval are found in the [Request for Preauthorization of Consultant Fees Form](#). Please note that charges at a rate above the established maximum rate that are incurred prior to the issuance of GOCPP's written approval will be determined as a disallowed cost.

Important: Contracts in existence at the time of application must be uploaded into the Documents section of the GMS during the application process. Contracts finalized post award must be uploaded into the GMS once finalized and before any reimbursement for the related expenses will be awarded.

EQUIPMENT

Equipment is defined as having a useful life in excess of one year and a procurement cost of \$10,000 or more per unit. Costs may include taxes, delivery, installation and similarly related charges. Equipment with a unit cost less than \$10,000 should be recorded in the 'Other' category (see below). The procurement process used must be consistent with the Applicant Agency's written procurement guidelines. If such guidelines do not exist, refer to the State of Maryland guidelines by accessing [General Condition Regarding Procurement](#) on the Office's website under the Grant's Area.

Maintaining internal inventory records for equipment procured under this funding source is mandatory. For post award inventory requirements, access [General Condition Regarding Property Inventory Report Forms](#) on the Office's website. [Property Inventory Report Form \(PIRFs\)](#) is required for equipment that costs \$10,000 or more per unit cost, unless the Special Conditions in your grant packet state otherwise.

Each line item entered requires a justification that ties that item to the activities described in your narrative.

OTHER

Funding requests for line items must be limited to staff or projects supported by this application. Include all other anticipated expenditures which are not included in the previous categories, such as **registration fees, program and office supplies, Indirect Cost Rate (include a 15% de minimis or federal negotiated agreement), and equipment with a useful life less than one year and a procurement cost of less than \$10,000**. Include additional cost-share funds to support sustainability, as applicable. Refer to the [provisions for cost-share requirements](#). If applicable, upload a federally Negotiated Indirect Cost Rate Agreement (NICRA) in the Document section of the GMS.

Each line item entered requires a justification that ties that item to the activities described in your narrative.

INDIRECT COST RATE

Indirect costs may be charged to a subaward only if:

- The subrecipient has a current (unexpired) federally approved indirect cost rate; or
- The subrecipient is eligible to use, and elects to use, the de minimis indirect cost rate described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

Important: Applicants **must** identify in the narrative and budget justification if they are utilizing the de minimis rate or if they are utilizing a negotiated indirect cost rate, and express mathematically how they are arriving at the budgeted amount for indirect costs.

An applicant with a current (unexpired) federally approved indirect cost rate **must** attach a copy of the indirect cost rate agreement to this application. An applicant that does not have a current federally approved NICRA has the option of electing to use the **15% de minimis** indirect cost rate. If an eligible applicant elects the de minimis rate, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The revision to [2 CFR 200.414 \(f\)](#) expands the use of the de minimis rate of 15 percent of modified total direct costs (MTDC) to all non-Federal entities (except for those described in [Appendix VII to Part 200- State and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b](#)).

Indirect Cost Distribution Bases:

*Modified Total Direct Cost, or MTDC (to be utilized if claiming **De minimis**):* This base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency.

Direct Salaries and Wages: This base includes only the costs of direct salaries and wages incurred by the organization.

Direct Salaries and Wages plus Fringe Benefits: This base includes the costs of direct salary and wages and the direct fringe benefits incurred by the organization.

General guidance on cost allocation and prorate - Applicants must determine the appropriate methodology for allocating shared costs that are budgeted and charged to multiple grants. Reimbursable funds charged to multiple costs in the accounting and financial management system must be distributed in proportion using the principles of reasonable, allowable, and allocable expenditures per budget category and line item, as applicable.

12. [ORGANIZATIONAL CAPACITY QUESTIONNAIRE \(OCQ\)](#) **NEW**

As part of the Office's grant oversight process, applicants are required to complete an Organizational Capacity Questionnaire (OCQ). The OCQ is a monitoring tool used by the Office to collect information on an applicant's organizational stability, financial management practices, and program operations. Information collected through the OCQ supports the Office's determination of an applicant's risk level and appropriate monitoring approach.

For State Fiscal Year (SFY) 2027, submission of the OCQ through Qualtrics is a condition of a complete application by the due date in the online Grants Management System (GMS). Applications will not be considered complete without a submitted OCQ. Organizations must submit a new OCQ annually to ensure GOCPP has current and accurate information for monitoring purposes.

The OCQ must include reliable information provided by the applicant organization's Chief Executive or Chief Financial Officer. Based on the information submitted, the Office will assign a Risk Status in the GMS to provide oversight and monitor throughout the grant lifecycle. Applicants should refer to [Section L](#) for guidance for the individuals completing the project narrative. As required, the OCQ attestation section in the GMS must include the name, title, and date of the certifying official.

For technical assistance with the questionnaire, please contact dlmsac.gocpyvs@maryland.gov or points of contact listed in the NOFA.
